Youth Protection policy should be printed on the reverse side, and requires your signature.

What youth protection policies will be in effect?

While these policies primarily protect youth members, they also serve to protect adult leaders. State laws apply in all jurisdictions. Each adult is expected to be in compliance with the youth protection policy of the church which he represents.

A "two deep" rule policy for men will be in effect during the entire weekend event. This means that no adult, including a Battalion unit leader or a CSB staff member, volunteer or guest will be alone with a minor youth during the course of the N-Counter weekend. Any staff member or unit leader should exhibit care to ensure there is another adult always present, within sight when interacting with a young man. Leaders may not have one on one private texting or online communications with youth members.

Age appropriate and separate accommodations for adults and youth are required.

CSB Ministries Staff and Battalion unit leaders are expected to display consistent biblical values and morals at all times. Staff members and leaders are expected to provide a good example and not engage in any behavior or conversation that could lead children into inappropriate conduct or be interpreted as such.

All Brigade staff must be in compliance with policies for CSB staff with regards to child protection. And all Battalion unit leaders are expected to be in compliance with their local church's child protection policies. (*"But among you there must not be even a hint of sexual immorality..." Ephesians 5:3 NIV*)

All CSB staff and leaders should pray regularly for the young men under their care, thanking God for the privilege of ministering to them and asking him to protect them from any kind of harm. They should also pray that God would give them wisdom and discernment so that they will be sensitive to ways to help and protect the young men under their care

I have read, understood and agree to these youth protection policies.
